Purpose of the Report

The Independent Executive Branch Ethics Commission was created legislatively in 2013 by SB 86; later codified in Utah Code Ann. Title 63A, Chapter 14. The Commission's duties include reviewing ethics complaints regarding the following executive branch elected officials: Governor, Lt. Governor, Attorney General, State Auditor and State Treasurer. If the Commission concludes by clear and convincing evidence that a complaint has merit, it shall make its findings public and forward them to the Legislature for further review.

The Commission is comprised of five volunteer members; two members who previously served as state elected officials or who held management positions in the state executive branch, one member who previously served as a judge or who is a licensed attorney and two citizen members.

This Annual Summary Data Report to the Utah Legislative Management Committee was prepared in accordance with Utah Code Annotated Section 63A-14-203(3). The foregoing statute requires the Independent Executive Branch Ethics Commission to prepare an annual summary data report of the Commission's activities, including the following:

1. A general description of the activities of the Commission during the past year;
2. Statistical information regarding ethics complaints filed with the Commission in the past year; and
3. An accounting of the Commission's budget and expenditures

Except for budgetary information, which is reported on a fiscal year basis, all information provided in this report is reported on a calendar year basis.

Statistical Information for Ethical Complaints

The following table summarizes statistical information for ethical complaints filed with the Commission during calendar year 2022:

	2022 Complaints			
Number of Complaints Carried Forward from 2021	Number of Complaints Received in 2022	Number of Executives in Complaint(s)	Number of Reviews Completed	Number of Complaints Carried into 2022
0	0	0	0	0

In 2022, the Ethics Commission did not review any official complaints. For the information of the Legislative Management Committee, the Ethics Commission received multiple communications during 2022 that did not meet the statutory requirements to be considered by the Ethics Commission as “complaints.” These filings and communications required a full review and analysis of the statutory requirements by the executive director and commission chair to determine their sufficiency (or lack thereof) and communication by the executive director with the filing party to note their insufficiency and provide assistance on statutory filing requirements.

Accounting of Commission's Budget and Expenditures

At the time of this report the Commission's budget information was not available. However, there were no material changes or requests from FY 2021. The Commission's budget is funded annually by appropriation. An estimate for FY 2022, the legislative annual ongoing appropriation was \$14,600. The Commission had an estimated non-lapsing carry forward budget from the previous year (from a one-time legislative contribution) in the amount of \$56,000. Estimated commission expenses for FY 2022 were \$10,000. Pursuant to statute, the Commissioners volunteered or donated their time and expenditures were made up of per diem, staff compensation, and costs relating to Commission business.
